**DATE:** July 7, 2007,

Dear John Doe,

Truly Fine Wine, Inc. is a direct importer and wholesaler of craft quality, limited production German wines. We carry an exclusive collection of wines and focus mainly on Rieslings, Pinot Noir, rare dessert wines and other unique finds. Enclosed is a bottle of the 2005 Bles-Ferber Riesling Kabinett as a token of appreciation from your good friends at Venstar Exchange.

**Below is a wine description from our website!**

Nestled in the hills of the winding Mosel River, Stefan Bles maintains some of the most pristine and sought after vineyards in Germany. He has an approach to viticulture that is exacting, resulting in a singular quality that we are amazed by.

The nose of this Riesling Kabinett from the Apotheke vineyard in Trittenheim is full of orange, grapefruit and pineapple. With prickly acidity and outstanding mineral composition, this may be our best food pairing Riesling Kabinett.

We also carry a diverse and unique portfolio of wines from entry level to incredible late harvests, so please feel free to visit us online at [www.trulyfinewine.com](http://www.trulyfinewine.com) to learn more about our company. We hope you enjoy and if we can ever be of further assistance, please let us know!

Kind Regards & Prost,

Damon & Sabrina
